MMORPG offers end-to-end gaming solutions and a social arena where players and game developers come together to develop, publish and play next generation games.

Wodo game ecosystem consists of Wodo Game Hub, Game Store, Marketplace, Launchpad and Development Kits. Players can enjoy many games on the Wodo Game Hub, participate in tournaments, earn cryptocurrency and NFTs, or develop their avatar in the open world of Wodoland MMORPG, live their own destiny, and walk their own path. Game developers can create blockchain/NFT and metadata games using Wodo platform features and development kits and promote their games to the Wodo community.

SCOPE AND LEGAL STATUS

WODO (XWGT) Token's production, supply, listing on the stock exchange, storage in wallets, protection of personal data, protection of privacy, work has been carried out within the scope of GDPR, and all technical and administrative measures have been taken. In Turkey, there is no regulation prohibiting token supply, listing on exchanges, storage in wallets and changing hands. Its use as a means of payment in Turkey is prohibited by the regulation of the Central Bank.

Wodo (XWGT) Token's supply, listing on the stock exchange or providing the utilities specified in the purpose section; It is not subject to any restrictions or prohibitions as it is not used as a means of payment for goods and services.
